Title III Notification Letter

Dear Parent or Guardian:

The purpose of this letter is to notify you about important information regarding your child's school and how its Title III funding is used.

Per NRS 388.4077, the board of trustees of each school district shall post annually on its Internet website information on the manner in which the school district uses money received pursuant to Title III of the Every Student Succeeds Act of 2015, 20 U.S.C. §§ 6812 et seq. Please review the information below regarding how Title III funds are used at our school.

School Specific Actions

Strong Start Academy Elementary School is using allocated Title III funding to:

Provide effective professional learning for staff, strengthening family engagement, and supporting the implementation of the school's Language Instruction Educational Programs (LIEPs), including its dual language program. Title III funds cover a prorated portion of contracted services provided by Dual Language Education of New Mexico or a similar vendor to deliver comprehensive, sustained, job-embedded professional development focused on best practices for language development in English and Spanish. This training equips staff to better support multilingual learners and strengthens language development across the school's dual language program. Family engagement is supported through efforts to strengthen staff capacity to partner with families of EL students in supporting language development and academic success. Title III funds supplement, rather than replace, core instructional obligations, with the funded portion of professional learning dedicated exclusively to staff serving multilingual learners.

For more information about the resources, specific strategies, and tailored school goals, please review the School Performance Plan on our school's website. Additionally, our school's rating report is available at nevadareportcard.nv.gov, or you may contact Miriam Benitez at (702) 463-0222
